ROCHESTER FREEDOM SINGERS

Spring 1994

VISION STATEMENT

The Rochester Freedom Singers aspire to a leadership role in promoting equality, freedom and love in our hearts, our town and in our lives. We sing with the hope that our music will contribute to greater understanding and acceptance of the diversity that is the beauty of the world community. Our music spans the ages of humankind; its languages, religions, and affectional preferences. We value inclusiveness that encourages people to live their lives wholly, completely, openly and honestly. We are culturally, religiously, racially integrated and witness that open hearts make beautiful music.
